Mum

Feminine noun

A woman who can handle anything.

A dynamic, understanding and affectionate character.

A person who can guess people's moods without asking questions.

She suffers like no one else, but is happier than anyone else with good news.

Unconditional support and defender of the indefensible.

She knows how to heal with a single kiss, she is capable of putting on weight for 9 months and still say that it is the best thing that has ever happened to her.

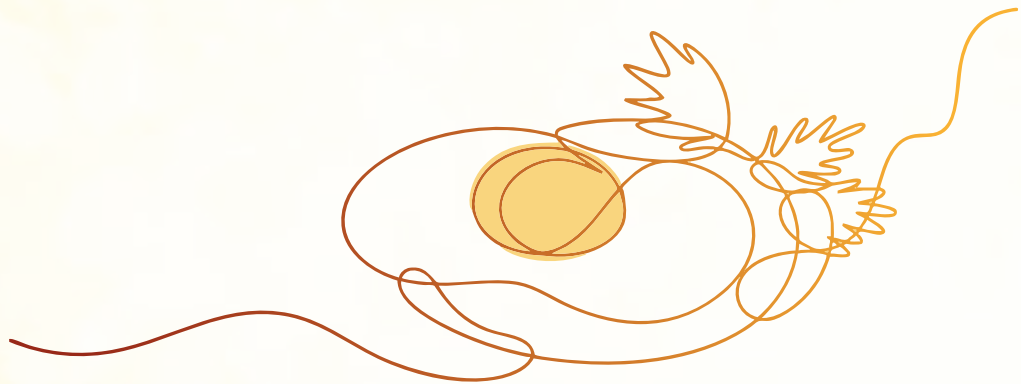

See also: super mum, sociologist, cashier, referee.
